So far, things are starting to look better throughout our island chain with zero to one or two cases reported per day compared to our continental United States and around the world. This is a clear indication that we are all doing our part to keep our island and its people safe and protected as best as possible.

Let us keep this up so we can soon get back to normal.

Until then, please stay safe, stay healthy and let us keep working together.

Fraternally and Respectfully,

DAMIEN T.K. KIM
